Fun Facts about NJ

The Henry Hudson Trail, is an 11 mile rail-trail that begins in Aberdeen and follows the route of the old Bayshore Branch of the Central Railroad of New Jersey. The bike path is currently being extended to its eastern end in Highlands. The County is working on extending the rail-trail another 12 miles west to Freehold, the county seat.

Two-thirds of the world's eggplants are grown in New Jersey.

New Jersey has the highest population density in the US, with an average 1,030 people per square mile - 13 times the national average. Something to think about when commuting on Rt. 287.

New Jersey has more race horses than Kentucky.

New Jersey is unofficially divided into two parts - this side and that side of the Parkway bridge.

Business Spotlight - Get Ready for the Holidays!

Consider the services of your fellow Chamber members for managing your finances this holiday season:

[Albala Financial Services](#) | 732-739-3431 | [Dottie Albala](#)

[Alfred Aloisi Associates](#) | 732-495-9721 | [Alfred Aloisi](#)

[Zynergy Financial Planning, LLC](#) | 732-889-4801 | [Ryan Zacharczyk](#)

Based in Red Bank, Zynergy Financial Planning was born out of the desire to offer the customer a better choice in financial services. Its founder, Ryan Zacharczyk, after a successful Wall Street career, determined the most ethical, efficient, and productive way to serve the individual would be a fee-only financial planning firm.

[United Teletech Financial FCU](#) | 732-530-8100 | [Leo Ardine](#)

United Teletech Financial is a not-for-profit financial cooperative serving our members and their families since 1967. Originally chartered to serve the needs of Bell Labs employees, membership to United Teletech Financial is now open to any person who lives, works, worships, attends school or volunteers in Monmouth and Ocean counties and portions of central Middlesex County.

[Edward Jones](#) | 732-275-1201 | [Patrick Chanod](#)

For decades, we've believed in building relationships through face-to-face interaction, and adhering to a strategy of recommending quality investments that have proven themselves over time. We understand that this approach might be considered unfashionable. But if it means helping our clients achieve their goals, whether for retirement, education, or just financial security, it's an approach we plan to stick to.

Town Focus - Ambassador Program

Are you an insider? Do you pay particularly close attention to your hometown, or the town where you do business? Why not volunteer to be a Township Ambassador for the Public Relations Group?

We are happy to welcome Patrick Chanod as the Town Ambassador of Middletown, Michael Dooley of Highlands, Alexander Napoli of Holmdel, and Cliff Moore of Keyport!

The ambassador will be responsible, one per year, for providing an overview of newsworthy township information as it relates to the small business industry. Special attention may be made for a particular business from that community. Does this sound like something you'd be interested in? If so, [please email us today](#).

Networking and Other Tips

What networking or business tips would you like to share with your fellow Chamber members? Has a particular advertising or marketing idea helped your business expand? Each month we'll be posting tips and ideas in this space, so [please tell us](#) what worked for you.

Members By Members - Invite a guest at no charge to the weekly Perkolator breakfast and select networking events. [Email for details](#).

Business Cards - I leave a business card just about everywhere I go - restaurants, salons, grocery store bulletin boards, train stations, and even on chairs in airport terminals. You never know where the card may end up, who may need your services, or know someone who does. If nothing else, your company name has been seen and has made an impression. **Alyse Liebowitz, 3 Chicks That Click Photography**.

How do I recycle.....??

Backpacks - donate to the American Birding Association which gives the backpacks to scientists in the field (<http://americanbirding.org>)

Crayons - The National Crayon Recycle Program will take care of them. Just remember to leave the wrappers on. It's hard to tell which color is which without them. (<http://crazycrayons.com>)

Printer tips - Never put your printer, copier, fax or all-in-one machine machine in front of a window. No, it won't grow with sunlight! It will cause print and paper jams because of vulnerability to humidity and cost you a large service bill. **Nancy Davis, Laser Renew**
